

Berkeley School District 87

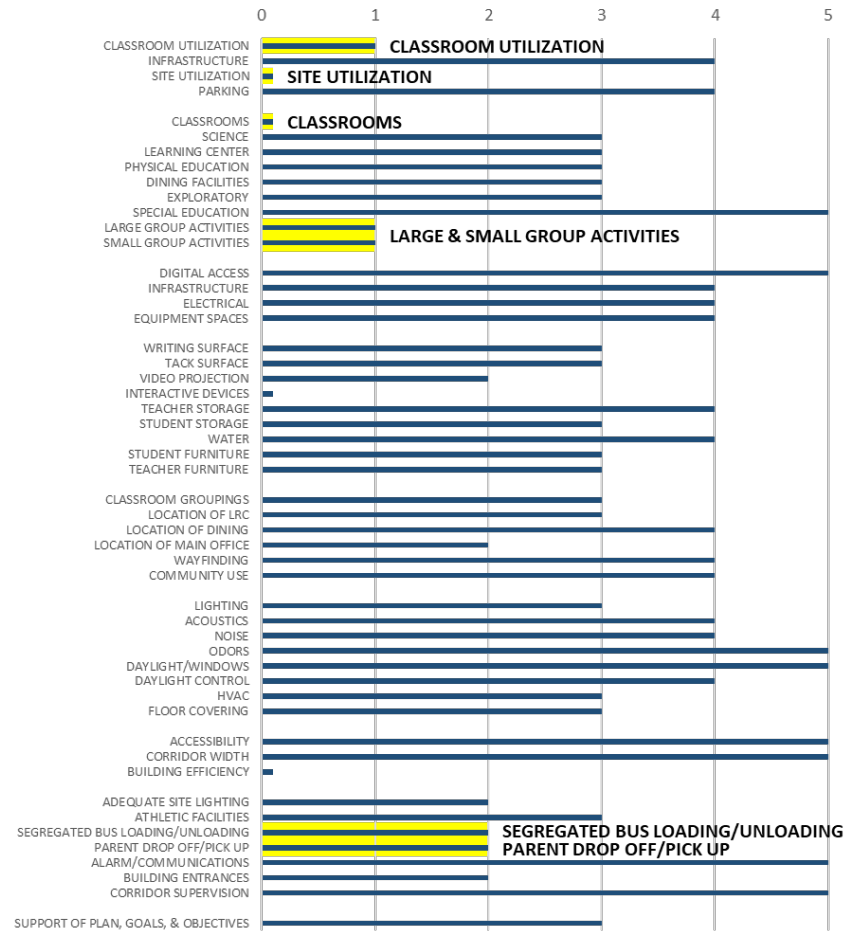

Educational Alignment Study

25 June 2018

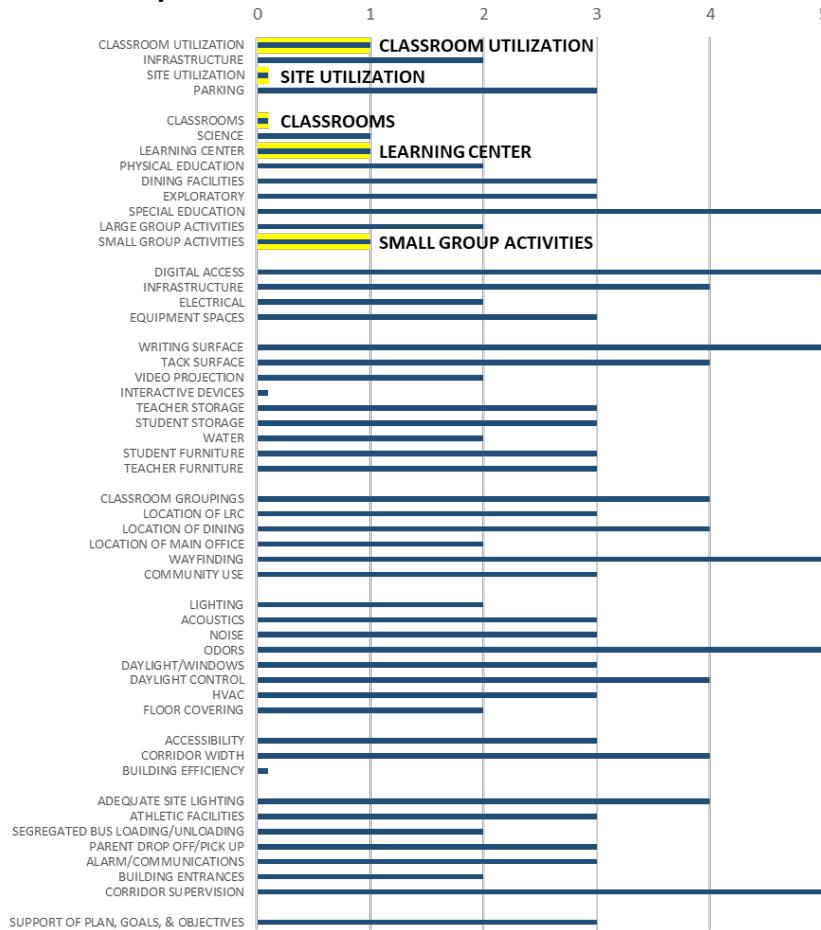

Jefferson Primary School

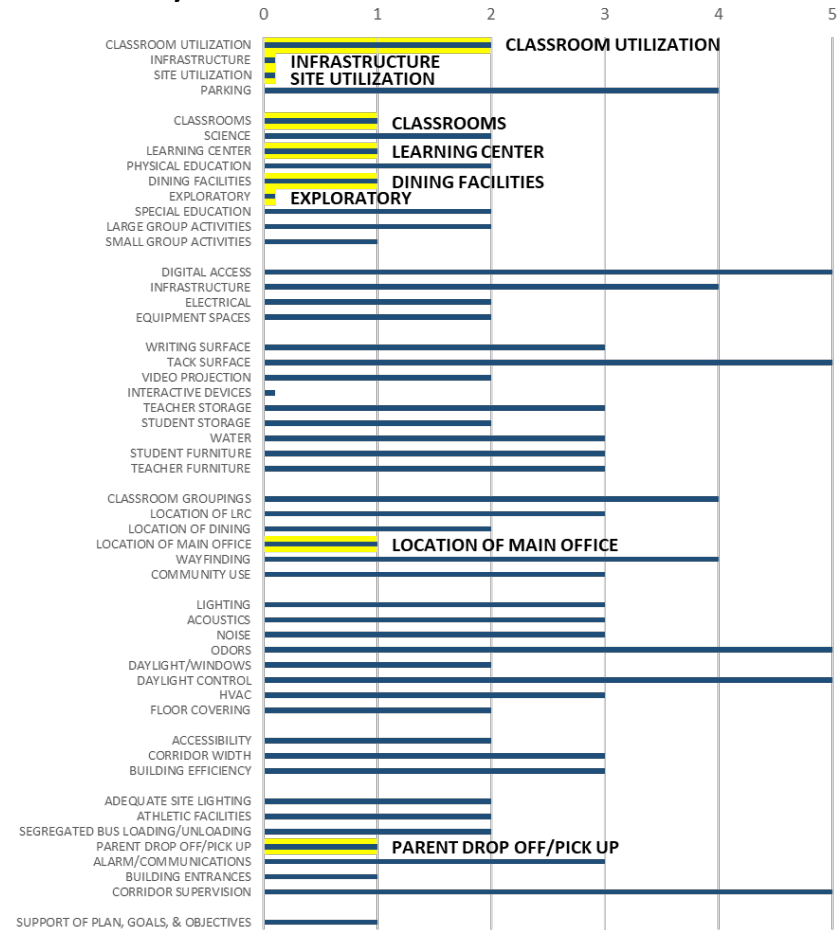

Whittier Primary School

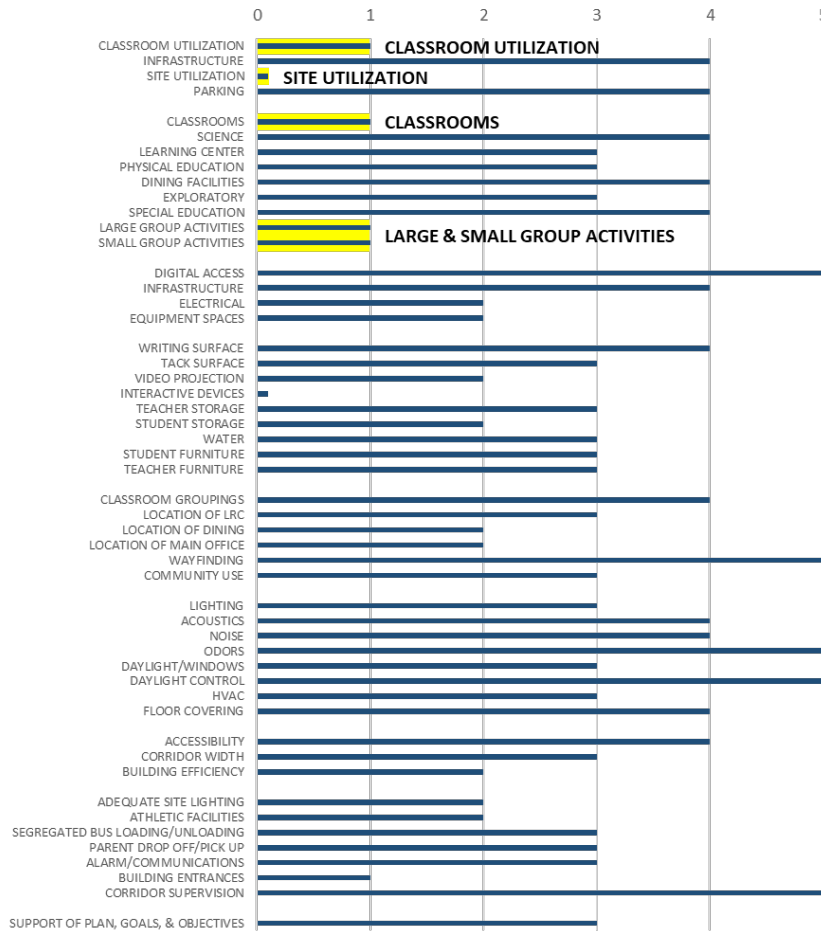

Riley Intermediate School

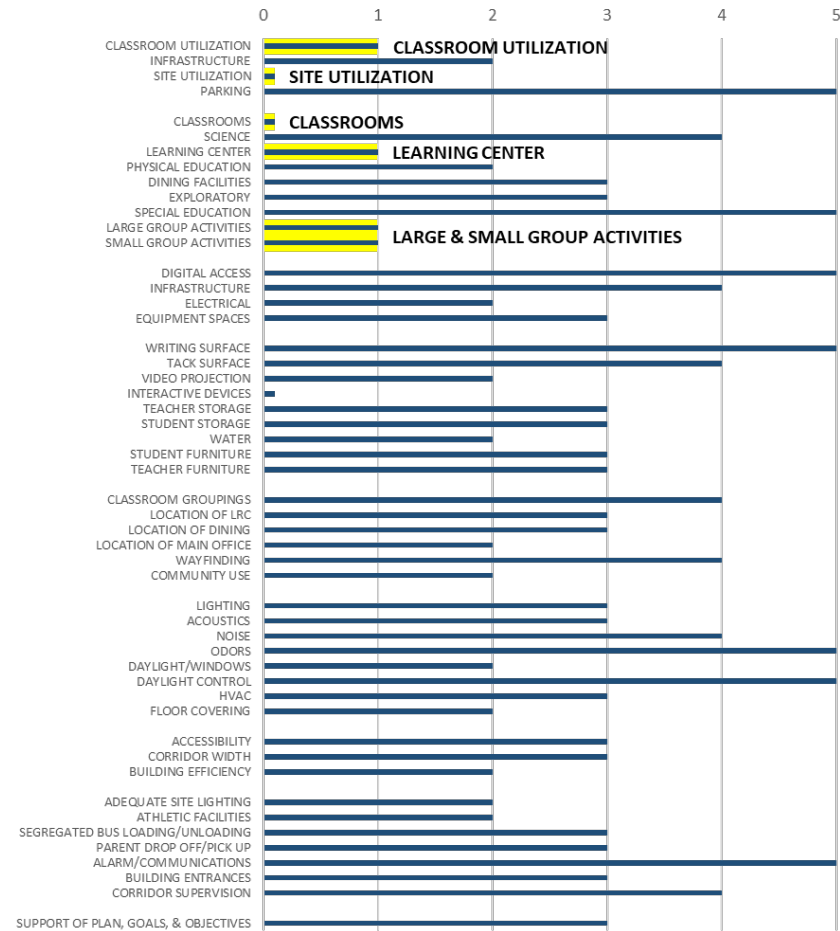

Sunnyside Intermediate School

MacArthur Middle School

Northlake Middle School

- Site Utilization – Sites are small
- Parent Drop/Off – Site Traffic, Parking
- Classroom Utilization – Enrollment exceeds “Instructional” Capacity
- Classrooms – average size < 700 SF vs 900 SF recommended
- Large & Small Group Activities
 - Few spaces dedicated for small group instruction & collaboration (~5 students)
 - Shared Gym/Cafeteria – set-up/clean-up conflicts with greater large group use

Educational Alignment Study

Common issues

- Early Childhood
 - Large motor activity space
 - Equipment Storage
- Learning Center evolution
- STEM & Specials

Educational Alignment Study

Next steps

- Identify Priorities
 - Committee process
 - Stakeholder participation
- Develop & Validate Design Options
- Explore Financial Options
- Timeline: 3 – 6 months
